**BIOMASS BURNING
TAX CREDIT** 

**SAVE ENERGY. SAVE MONEY.
SAVE THE ENVIRONMENT.**

**Do you plan to buy a Napoleon®
fireplace, stove or insert this year?**

If so, then you will be interested to know that you can be eligible for a 30% tax credit. By taking advantage of the U.S. Federal Tax Credit you can save up to \$1500 when you purchase a Napoleon® Biomass Burning Product. Over 35 Napoleon® products (including wood or pellet stoves, fireplaces, inserts and furnace) meet or exceed the 75% efficiency rating standard set by the government. Visit our showroom for full details on how you can start saving today.

*This credit can be applied to existing principal residences and is effective immediately, retroactive to any biomass heating unit purchased since January 1, 2009. For additional tax information please visit the IRS website.
